

Mike Gonnelli's Independent Administration will implement their plan to bring Financial Responsibility to Secaucus

- Reorganize tax collector's office; implement much needed security measures to safeguard your tax money.
- Seek voter approval on all large projects, like the recreation center, *before* we spend your tax and rent dollars.
- Seek ways to reduce overall town operating expenses.
- Review all cash controls.
- Eliminate unnecessary "consultants" and "lobbyists".
- Review all contracts for waste and duplication.
- Eliminate unnecessary professional and other contracts, no matter how large or small.
- Begin budget work sessions early in the year; all council members will be kept informed.
- Proposed budget will be posted on town website for all to view.
